CAREER OBJECTIVE

Software Engineer with hands-on experience in full-stack development, real-time systems, and computer vision. Brings strong algorithmic fundamentals and end-to-end engineering experience to Software Development Engineer roles.

EDUCATION

Brainware University **2023 – 2027**
B.Tech in CSE (Data Science), CGPA: 8.74/10 (till 6th Sem) *Barasat, West Bengal*

Nazir Bazar Harendra High School **2023**
Higher Secondary, 73.6% (WBCHSE) *Nazir Bazar, West Bengal*

Begunabari High School **2021**
Secondary, 84.7% (WBBSE) *Begunabari, West Bengal*

EXPERIENCE

MERN Stack Web Development – Training Program **Jun 2025 – Dec 2025**
Apna College *Remote*

- Completed a 6.5-month structured MERN Stack Web Development program with applied project work.

PROJECTS

MediCare Plus | *React, Node.js, Express.js, MongoDB, Socket.io, Python* **Nov 2025 – Jun 2026**

- Built a full-stack multi-role Hospital Management System with appointment booking, ambulance dispatch, real-time messaging, and clinical records for 5 distinct user roles.
- Integrated Socket.io for live location tracking, Python ML microservice for hospital recommendations, and deployed on Vercel with CI/CD via GitHub Actions.

Regional Language NLP Platform (AI Assistant) | *Python, Gemini AI, NLP, LLM, ML* **Oct 2025**

- Developed a conversational AI assistant that detects and adapts to Indian regional dialects (urban and rural).
- Integrated Gemini AI for context-aware multilingual Q&A and improved accessibility.

Smart Attendance System using Face Recognition | *Python, OpenCV, Flask, Face Recognition* **Nov 2024 - May 2025**

- Developed a computer vision-based attendance system using OpenCV and facial recognition to identify registered users and automate attendance recording.
- Built a Flask-based admin dashboard with live attendance monitoring, CSV-based reporting, and profile management for centralized attendance tracking.

SKILLS

Technical: Java, Python, JavaScript, TypeScript, React, Node.js, Express.js, Tailwind, MongoDB, MySQL, Git, GitHub, Docker.

Soft Skills: Problem Solving, Quick Learner, Leadership, Communication, Team Player.

Languages: English, Bengali, Hindi.

ACHIEVEMENTS

- **LeetCode:** 500+ problems solved, 8+ badges.
- **Finalist**, Nexathon 1.0 (2025), Brainware University.
- Participated in Samsung Innovation Campus Hackathon (2025), Built a Regional Language AI Assistant.
- Participated in Smart India Hackathon (2024 & 2025), Worked on SOS Tracker and Ambulance Tracking System.
- Built Alcohol Detector in Smart Car project for college TechFest (2025).

DECLARATION

I hereby declare that all the information provided above is true to the best of my knowledge and belief.
